Kentucky Energy and Environment Cabinet
Department for Environmental Protection

Kentucky Utilities – E.W. Brown Generating Station/Lake Herrington
AI #3148, Agreed Order No. DOW-170001
Corrective Action Investigation, Source Assessment, and Risk Assessment Report

The Energy and Environment Cabinet (Cabinet), Department for Environmental Protection, has scheduled a Virtual Public Hearing for the purpose of obtaining comments on whether the Cabinet should approve the Corrective Action Investigation, Source Assessment, and Risk Assessment Report ("ISARA Report") submitted to the Cabinet by Kentucky Utilities (KU) related to the E.W. Brown Generating Station (Facility). The Facility is located at 815 Dix Dam Road, Harrodsburg, KY 40330.

The ISARA Report, and a Fact Sheet summarizing this matter, will be available until September 15, 2020 at the following locations:

- Mercer County Public Library
  109 West Lexington Street
  Harrodsburg, KY 40330 (859)-734-3680

What will be done and why?
The Cabinet and KU entered into an Agreed Order, DOW-170001, on January 30, 2017. The Agreed Order required KU to develop and implement a Corrective Actions Plan (CAP) to address surface water impacts from groundwater and surface water discharges to Herrington Lake from the Facility. The CAP required KU to conduct a Corrective Action Investigation, Source Assessment, and Risk Assessment in order to characterize the conditions in Herrington Lake adjacent to the Facility.

An ISARA Report was submitted to the Cabinet in June 2019. The Cabinet is now accepting comments on the ISARA Report and will hold a virtual Public Hearing.

How can I tell the Cabinet what I think about approving the ISARA Report? Public involvement is encouraged and comments are welcome. Anyone wishing to comment on the ISARA Report must submit comments before 4:30 PM EDT, September 15, 2020, the close of the public comment period. Due to the Covid-19 pandemic, the Cabinet will conduct a Public Hearing Virtually on August 27 from 12-3 PM EDT using an online meeting format.
